OFFICIAL NOTICE

UPDATED HRNZ ORDER AND DIRECTION IN RESPONSE TO COVID-19 PANDEMIC

Further to the Official Notices dated 17 and 19 March 2020 setting out the Order and Direction made by the HRNZ Board under clause 14.4.4 of HRNZ's constitution, please be advised that Harness Racing New Zealand has now issued an updated Order and Direction in response to the COVID-19 Pandemic, effective immediately.

We draw your particular attention to clause 3, which has been further updated to reflect the Government's recommendations issued on 21 March 2020 in relation to limiting contact for those over 70 years of age or with compromised immune systems, respiratory or underlying health conditions and the need to reduce non-essential domestic travel. For the sake of clarity, no licensees who are domiciled in the North Island can attend a race, trials or workout meeting in the South Island, and vice versa. These changes are effective immediately.

Clause 3 now reads as follows:

"3.0 No person, including a person to whom clause 2.0 applies, may be admitted to, or be present at, a racecourse when a race meeting is in progress if:

- 3.1 They have cold or flu symptoms, including coughing or sneezing, a runny nose, headache, aches or fever;*
- 3.2 There are reasonable grounds to believe they have not complied with the New Zealand Government's self-isolation requirements;*
- 3.3 They have returned to New Zealand from overseas between 5 March 2020 and 1:00 am on 16 March 2020 before the expiry of a 14-day period after their day of arrival;*
- 3.4 They are 70 years old or older;*
- 3.5 They have compromised immune systems or underlying respiratory conditions or other health condition that places them at high risk from COVID-19; or*
- 3.6 They have travelled from the North Island to the South Island or the South Island to the North Island to attend the race meeting.*

A person who is subject to clause 3.1, 3.2, 3.3, 3.4, 3.5, or 3.6 who has been admitted to, or is present on, a racecourse shall be removed from the racecourse."

Given the fluid nature of the situation with COVID-19, it is likely that this Order and Direction will be further updated during the week.
