1.2 These regulations come into force on 1 January 2022.

2. INTERPRETATION

3.1 In these regulations, unless the context otherwise requires:

five-minute call means the five-minute call to closing by Raceday Control and three-minute call, two-minute call, and one-minute call each have the corresponding meaning.

moving start means a start in which the Starter shall signal a start whilst all horses or a horse running a time trial is in motion at the starting post but is not started by means of a mobile barrier

Starter means the Starter named in an approved programme of any club, or if the Starter named in the approved programme is for any reason unable or refuses to perform his or her duties at the meeting, the substitute starter appointed by a Stipendiary Steward, and if the Starter or substitute Starter is removed under the rules the person appointed to act in his or her place.

PART 2 BEFORE THE RACE

4. MAXIMUM NUMBER OF STARTERS

4.1 The maximum number of horses which may start in any race and the maximum number of starters which may start in any position, mark or line shall be determined in accordance with Safety Number For Approved Tracks Regulations made by the Board unless the Board in writing approves otherwise.

5. BARRIER DRAW - ORDER OF POSITIONS

- 5.1 The order of positions in which horses on the same mark shall be drawn up at the start in a race shall be determined by:
- 5.1.1 a computer barrier draw programme approved by the Board; or
 - 5.1.2 a barrier draw, the conditions of which are approved in writing for a race by the Board which shall be set out in the Race Programme; or
 - 5.1.3 with the consent of a Stipendiary Steward –
 - 5.1.3.1 by lot at any time after the closing of withdrawals by a Stipendiary Steward and a Steward of the Club; or
 - 5.1.3.2 in the absence of a Stipendiary Steward, by the HRNZ Handicapper or substitute Handicapper.
- 5.2 Notwithstanding regulation 5.1 where the conditions of the race specify that the order of positions in which the horses start from may be determined by a “Preferential Barrier Draw”, the conditions of such system will be those drawn up by the Committee of the Club and provided in the Race Programme conditions and approved by the Board.
- 5.3 An owner (or his or her nominee) of a horse in the race, may attend any such draw as an observer provided that the name of the person attending shall be previously notified to the Club concerned.
- 5.4 A club may include in the race programme conditions that the order of re-entry for those horses selected as emergencies with a right of re-entry will be determined by the club in order of preference.
- 5.5 When following the completion of a barrier draw pursuant to regulation 5.1 or 5.2 any horse is scratched or withdrawn, the horses on the outside of the line or mark from which the horse was scratched or withdrawn shall move in to take up the vacant position provided that, unless the Board on application by the club approves otherwise:
- 5.5.1 In the case of a standing start where a vacant position occurs on the front line no horse shall be promoted from the second line to the front line after the right of re-entry

time.

5.5.2 in the case of a mobile or moving start no horse shall be promoted from the second line to the front line.

5.5.3 In the case of late scratching in a mobile or moving start:

5.5.3.1 On the front line outside runners move in to fill the vacant position(s).

5.5.3.2 On the second line outside runners maintain their position.

5.6 Where a horse is declared to be unruly by a Stipendiary Steward it shall be:

5.6.1 excluded from the barrier draw conducted pursuant to regulation 5.1 or 5.2; and

5.6.2 shall be recorded as an Unruly Horse by the Handicapper in the Official Handicaps on being advised by a Stipendiary Steward.

5.7 Where a horse is declared unruly:

5.7.1 Where the start is a standing start and there is one line the unruly horse(s) shall be placed on a second line on the extreme outside behind and clear of the front line horses.

5.7.2 Where the start is a standing start and there are other horses on the second line, the unruly horse(s) shall start on the extreme outside of the second line and clear of the front and second-line horses.

5.7.3 Where the start is a standing start on a handicap mark the unruly horse(s) shall start on the outside of the track clear of other horses on the same mark.

5.7.4 Where the start is a mobile or moving start a horse declared unruly shall start from the second line and no closer in than barrier position 5. Where there is more than one unruly horse the drawing of unruly positions by lot shall apply.

5.8 When the Stipendiary Stewards are satisfied that a horse is no longer unruly they shall reinstate such horse in the barrier draw and shall notify the Handicapper who shall remove the record as an unruly horse.

- 5.9 When by reason of its handicap being re-assessed or re-rated a horse is placed on a mark or position for which the barrier positions have already been drawn, such horse shall be allotted the outside position on its new mark or, as the case may require, be placed on the outside of the horses starting in the second line on that mark and inside any unruly horse(s).

The Starter retains the discretion to make the field stop and stand if they have reason to suspect a fair start may be compromised.
- 17.3 Each horse shall as far as practicable be drawn up before the start upon its proper mark and position by the Starter or his or her Assistant(s). This includes the horse drawn barrier 1 being brought into a position as close to the pylons as is reasonably possible which will ensure outside runners have sufficient room. The pole horse on the front line or any handicap mark

shall not be started from inside the passing lane.

17.4 The Starter may place any horse which is misbehaving and which in his or her opinion is likely by such misbehaviour to prevent a fair start on the outside unruly position but not so as to alter that horse's handicap.

17.5 When the start is effected, the Starter shall call out the word "RIGHT".

18 FALSE START - RECALL

18.1 In the case of a false start the Starter shall sound the recall by a whistle.

18.3.1 horse is unable to remain in its allotted barrier position; or

18.3.2 Starter places the horse in the outside unruly position.

18.4 In the event a subsequent recall is sounded any horse involved in the reason for a previous recall shall be declared a late scratching.

18.5 The Clerk of the Course shall be in such a position on the track to relay advice of the false start to the horsemen.

18.6 If a recall is caused by a failure of any equipment or mechanism then the Starter shall order that the barriers be hand-held for the re-start. This equipment must be successfully tested before being able to be re-used.

PART 5 – MOBILE STARTS

- 19.1 The regulations in Part 5 apply to all races started by a mobile start in addition to regulations 6.1 to 13.2.

22.1.1 The Starter at the appropriate time shall blow the whistle to notify the drivers they are to complete one more full circle and to come into line.

22.1.2 As far as practicable the track should be cleared of all Starter's Assistants.

22.2 The Starter may place any horse which is misbehaving and which in his or her opinion is likely by such misbehaviour to prevent a fair start, in any position he may think proper, but not so as to alter the handicap of such horse.

22.3 The Starter shall commence the mobile rolling to allow horses to come out of the pre-race formation and take their positions behind the gate. The speed of the gate is to be increased gradually at the control of the Starter so when all horses are in formation on the gate, it can then reach a suitable speed.

22.4 The Starter or a Starters Assistant will call out the distances to the start point, e.g. 100 metres, 50 metres and then the actual start.

23.4 In the event a subsequent recall is sounded any horse involved in the reason for a previous recall shall be declared a late scratching.

- 27.5 If the Starter is satisfied the horses are in reasonable line when they are within five metres of the starting point, the Starter will effect the start by calling RIGHT, after which there shall be no recall;
- 27.6 The Starter may place any horse which is misbehaving and which in his or her opinion is likely by such misbehaviour to prevent a fair start, in any position he may think proper, but not so as to alter the handicap of such horse.

28 FALSE START AND RECALL

- 28.1 In the case of a false start the Starter shall sound the recall by way of blowing his or her whistle
- 28.2 The Starter may sound a recall for only the following reasons:
